

innovations in
agrochemicals
makes us

GROW

Kedium Crop Care was founded in 2010 with a mission to provide innovative & quality products to farmers to maximize their farm output and take the complete benefits in farming in the Country.

The company has a team of professionally qualified and well experienced persons in the field of manufacturing, formulations & marketing.

We are professional in Agrochemicals, Fertilizer, Special Chemicals and etc. and reliable and best growth partner forever because we believes that our growth is in farmers growth. Our goal is to serve on our country by setting standards of quality, services and commitment to customers. We measure and our success based on the satisfaction of our valuable customers.

The company has its own chemical testing laboratory which is well equipped with technical instruments and maintains strength quality control measures with advance testing facilities such as gas chromatograph with computerised data station. We have one experienced quality control specialist and a chemist respectively.

We care your crops....
